

REMARKS

Please enter the above amendment prior to calculation of the filing fee. Claims 27 - 54 are in the application.

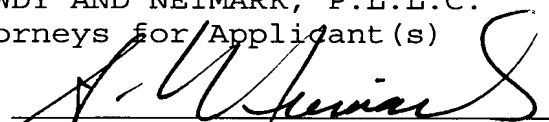

The above amendments are made to improve the form of the claims for U.S. practice. The amendments made above are made entirely without prejudice, the applicants respectively reserving their right to add claims at a later stage commensurate in scope with the claims which may have been eliminated by the amendment above. Regardless, the amendments made above are not "narrowing" amendments. The scope of the claims has not been reduced; no limitations have been added and none are intended.

Applicants respectfully await the results of a first examination on the merits.

Respectfully submitted,
